

## SOME FRIENDLY ADVICE.

At the risk of being considered impertinent we volunteer a little friendly advice to the News. The paper is now misdirecting its energies and violating a public duty by posing as the mouthpiece and defender of the criminal element of this city.

No public journal with a particle of self-respect can afford to cast its influence on the wrong side of where simple questions of right or wrong are involved. A newspaper should never condone nor defend crime.

We assume that the gentlemen who manage the News are not fully aware of the fact that the class they represent at present and whose mouthpiece they have the credit of being, belong to what has for years been designated as the gilded criminal class of Ormsby. Of late years the gilding has been rubbed off and they are now merely ordinary, common-place law breakers.

During the old regime before the present editors of the News were citizens of Carson this infamous combine ruled the county of Ormsby by packing primaries, stuffing ballot boxes and doctoring election returns whenever it became necessary to do so. No one dared oppose the iron rule of the bosses, for such party treason was punishable by social and political ostracism, bankruptcy and banishment from Carson.

They owned the courts, corrupted the juries, debauched the voters, and browbeat, bulldozed and bullied everyone who opposed their schemes. No man could run for office unless he bowed his knee to the combine. They dictated the ticket, crammed it down the throats of the voters, made laws for the city of Carson by Legislature purchase, juggled with the people's money, looted the public treasury, trampled on the law, smothered investigation into their illegal work, manipulated grand juries and perjured every business in Carson that did not pay a blackmail tribute to the ring.

During this time Tremor Coffin, now the Chairman of the Republican State Central Committee, was the paid agent of this combine of law-breakers and malefactors.

Some years ago the Appeal was notified by the strikers of the ring that it must cease to criticize the combine or suffer the consequence. We accepted the challenge and the last two county elections tell in language too plain to be mistaken of the result of letting a flood of light upon the methods of the bosses.

Since we have given the history of these people to the News we ask it to abandon the corrupt company it is keeping and come out squarely for the side of right and truth and justice. It will be largely the guinea in the long run. It would also be excellent policy for in the end the combine will fall to pieces and become the scoff and by-word of the town.

If the indictment we have read to the News in this article is not sufficient to convince it that it is making a grave mistake in its course, we will furnish it with public proof of our assertions.

It is vital to the commercial prosperity of Carson that this gang of public plunderers are broken up, for a few years more of their rule would make grass grow in the streets of Carson long enough to cut with a McCormack mowing machine.

The Southern Pacific Company has caused the arrest of more newsboys in San Francisco for standing on the corner of Market and Powell and giving car transfers with each paper bought.

The case was dismissed. The idea was to break up the habit the passengers had of giving the newsboys their transfers to help the little fellows along. Since the action of the company everybody takes pains to save their transfers and give them to the boys. Whoever instigated such a petty suit is not a fit man to be in any position. The foolish play is laid at the door of Vining.

Since the Republican ring got control of the county finance over a year ago they have managed to raise the tax rate to \$3.20 on the one hundred dollars, while the county continues on a scrip basis. Well the people voted for the men who have made such a mess of things, and you know the majority rules.

Republican rule in this county one year has advanced the county tax from \$1.40 to \$1.60 and the city tax from 70 cents to 75 cents and in January the county strikes a scrip basis.

The insurance war has broken out in Reno again and rates are cut 50 per cent.

## Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle. Benton's Liniment is for sale at all drug stores.
